# PREFACE

NIT Warangal being one of the premier educational institutions in the country rightly boasts about having an eminent talent pool across engineering, sciences and management programs. Centre for Career Planning and Development (CCPD) is the access point that connects talent from the college with our partner companies enabling both parties to achieve their aspirations in the best way possible.

Firms from different sectors and geographies participated in the recruitment process at NIT Warangal for the academic year 2023-2024 offering a whole wide variety of placement as well as internship opportunities across roles like software development, core engineering, analytics and others to our students.

AY 2023-24 witnessed the best placement season in the history of NIT Warangal crossing more than 1100 FTE offers across all the programs. The highest package grabbed was 88 LPA. The campus witnessed a return of the majority of past partner companies along with several new entries visiting for the first time.

Like every year, team CCPD assisted the students and companies to participate in the campus drive leading to a smooth and transparent hiring process. Over the years, CCPD's contribution at NITW is a testament to the companies' unbroken faith and the institution's trust in achieving common goals.

Even in times of recession and uncertainty, NIT Warangal saw a massive bump in hiring frequency for the AY 2023-24. Students have shown resilience and determination that have led to them receiving exceptional offers in the domains of their choice. This report aims to be a testament to the placements at NIT Warangal for the academic year 2023-24.

# INTRODUCTION

National Institute of Technology, Warangal (NITW) formerly known as Regional Engineering College (REC) is a deemed university located in Warangal, India. It was established in 1959 and inaugurated by the first Prime Minister of India Pt. Jawaharlal Nehru. It became the first REC to get converted into the National Institute of Technology (NIT) among the chain of 31 current NITs in the country. NITW has been consistently ranked among the top 5 NITs and currently holds a NIRF ranking of 21 among all Indian Engineering universities maintaining the legacy of being in the top 20 engineering campuses in India in the past.

NITW holds a distinguished reputation with 13 academic departments, advanced research centers in various fields of engineering, pure sciences, and management, a plethora of laboratories, exceptional faculty, brilliant students, supportive technical staff, and an efficient administration. The institute offers a wide array of undergraduate and postgraduate programs in engineering, sciences, and management, along with research programs in engineering, sciences, humanities, physical education, and management. Among its notable assets is the Centre for Career Planning and Development (CCPD), which serves as a valuable resource for students and a dependable ally for leading companies seeking to recruit the best talent from the institute.

NITW, known for its consistent ranking among the top NITs in India, boasts a sprawling self-contained residential campus spread over 248 acres. The campus is home to over 8000 students and nearly 600 Ph.D. scholars. It comprises 16 residential blocks, including separate hostels for boys, girls, and foreign students, along with five messes for boys, one for girls, and a mega mess. The campus is equipped with state-of-the-art infrastructure, including a central library, auditorium, student activity center, mega computer center, indoor games complex, a large stadium, seminar halls, and a well-equipped dispensary.

# ABOUT CCPD

---

One of the leading strengths of NITW is the Centre for Career Planning and Development (CCPD), earlier known as Training and Placement Section, which plays an important role in shaping the future of the students by providing them with the best career opportunities. The CCPD at NITW is a dedicated team of students and faculty coordinators who work tirelessly in coordination with the academic sections, alumni and industry partners to create a seamless transition from academic learning to professional excellence so that every student is prepared for and given the finest job opportunities.

The Center for Career Planning and Development (CCPD) at our institution is committed to providing students with the necessary skills and knowledge to succeed in the competitive job market. Primary objectives of CCPD include being an intermediary between industry and students and getting opportunities for them, training students with domain-specific industry skills, running training programs to make students job-ready, and collaborating with academic departments to increase job awareness. By focusing on these objectives, CCPD aims to equip students with the necessary tools and knowledge to succeed in their careers, contribute positively to the workforce and thrive in the bustling job market.

Over the years, CCPD at NITW has proven itself as a boon to the students who are looking forward to joining the industry workforce after their graduation. Placements at NITW have seen tremendous rise in terms of both quality and quantity. Companies of all natures have consistently shown faith in the conduct and quality of the graduates. A big chunk of this success comes from the alumni who have exceeded expectations in every sector as NITW graduates but also from the team at CCPD who works tirelessly to honor the commitment and relationship with the partner companies.

# MESSAGE FROM THE DIRECTOR

Prof Bidyadhar Subudhi

NIT Warangal has solidified its position as a premier institution in India, renowned for its significant contributions to research and academics. We aim to ascend as a globally acclaimed centre of excellence, fostering an innovative engineering community adept at addressing global challenges. The institute's success is underscored by the exceptional employability of its graduates, consistently setting benchmarks in academic excellence and placements.

I commend the CCPD team for their unwavering dedication, culminating in a successful placement season. Despite the post-pandemic challenges, the Class of 2024 has achieved remarkable milestones, including impressive placement rates, enhanced salary packages, and securing diverse job profiles. I express heartfelt gratitude to our esteemed alumni whose achievements embody the institute's core values.

NIT Warangal stands resilient amidst job freezes and economic downturns seen elsewhere, ensuring continued opportunities for its students. Congratulations to the students on their achievements, and best wishes for their future endeavours. I am confident that our dynamic student body will further elevate the global reputation and stature of NIT Warangal.

# MESSAGE FROM THE HEAD, CCPD

Prof M.J. Davidson

Celebrated for its academic excellence and pioneering research, NIT Warangal is a beacon of knowledge and inspiration in our nation's educational landscape. Our team at CCPD is dedicated to jumpstarting our students' careers as they graduate by equipping them with contemporary skills to thrive in today's competitive world. Our diverse student community has excelled in various roles, including software development, core engineering, product analysis, management, research, and more.

Despite a general decline in placements elsewhere, the 2023-24 placement season at NIT Warangal has been exceptionally successful for our students and recruiters. We welcomed over 250 companies, which offered full-time roles to nearly 1120 students and internships to over 400 students across various sectors and programs. The job freeze that affected many companies did not hinder their recruitment from NIT Warangal, showcasing the strong industry recognition of our talent and the high value placed on our graduates. This fruitful season highlights our dedication to student success and our robust industry partnerships.

I wish to express my deepest gratitude to the esteemed Director, Deans, Registrar, and all the departments for their unwavering support and cooperation throughout the placement season. Their dedication has been integral to our success. Over the years, our institute has fostered strong relationships with industries nationwide, resulting in an impressive placement record both in terms of the percentage of registered students placed and the number of companies visiting our campus.

I would also like to credit our placement associates and fellow faculty coordinators for their tireless and consistent efforts in ensuring the smooth conduct of the drives and their coordination with the student fraternity. We deeply appreciate the trust placed in us by numerous organizations and look forward to continuing our relationship with them.

# EXECUTIVE SUMMARY

## Total students placed in AY 2023-2024 reach 75.51%

B.Tech - 79.64%      M. Tech -67.55%      MBA - 76.2%  
M. Sc - 79.79%      MCA - 82.61%

## Recruitment Sector in Spotlight: Information Technology (IT)

IT sector showed dominance in hiring of fresher graduates in AY 2023-24 by contributing close to 54% of total FTE offers from all the programs.

## Upward Trend: Growing number of students recruited with one reputed company hiring more than 35 freshers

Consistent increase in the number of FTE hirings in AY 2023-24 is a testament to the quality of education and training imparted to the students, as well as the trust of employers on our graduates.

## New Dawn: Substantial increase in participating companies generate abundant employment prospects

AY 2023-24 witnessed more than 250 companies from the private sector and more than 10 companies from the public sector participating in placements in varying roles of all the programs.

## 100% increase in PSU hirings compared to AY 2022-23

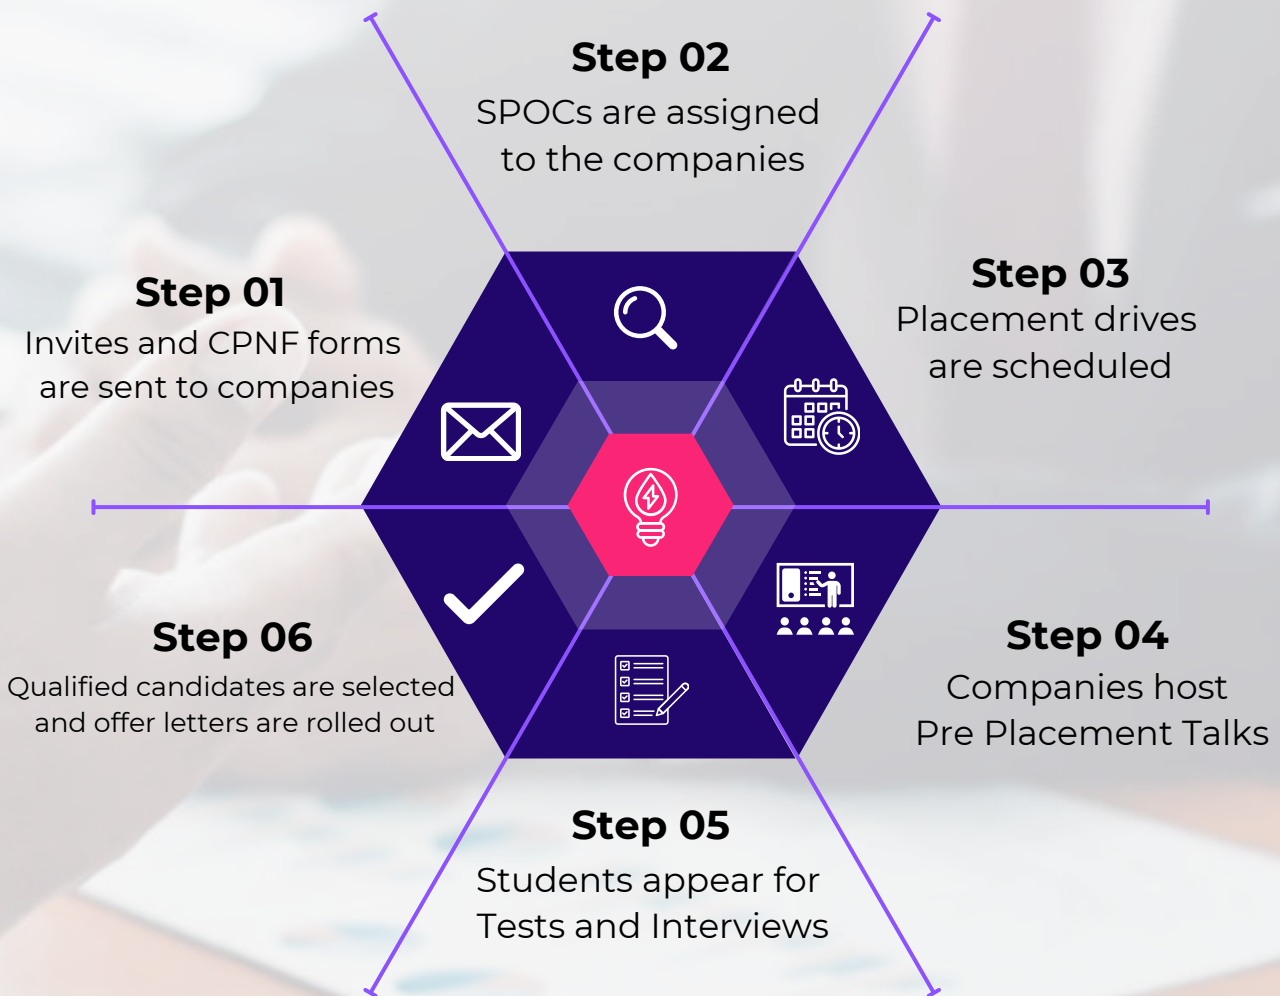

In the academic year 2023-24, NITW hosted over 10 PSUs for recruitment, showing a positive trend of increasing numbers. Notably, recruitment increased by over 100% compared to previous years in PSU.

## In-Demand Careers for freshers

Software Engineering, Data Analysis, Data Science, Data Engineering, Product Analysis, Product Engineer, Consultant, Management, Graduate Engineer Trainee(Core & IT), Postgraduate Engineer Trainee(Core & IT), Teaching, Business Development Executive and other miscellaneous.

# RECRUITMENT PROCESS

# JOB DESCRIPTION

## DATA ANALYST

A data analyst is responsible for collecting, analyzing, and interpreting large and complex data sets to uncover insights and trends that can inform business decisions. They work with data from a variety of sources, including databases, spreadsheets, and other structured and unstructured data sets. They use statistical and analytical techniques to identify patterns and relationships in the data, and communicate their findings to key stakeholders in a clear and concise manner.

Data analysts also create reports and visualizations to help businesses understand and interpret the data, and may collaborate with other teams to develop strategies based on their insights. A strong background in mathematics, statistics, and programming is often required for this role.

## SOFTWARE DEVELOPER

A software engineer is responsible for the design, development, testing, and maintenance of software systems. They work with computer programming languages to create and improve applications for a variety of purposes, including business, entertainment, and communication.

Software engineers collaborate with other team members, such as project managers, designers, and quality assurance specialists, to ensure that software products meet the needs of users and clients. They also stay up-to-date on industry trends and new technologies to continuously improve their skills and knowledge. A software engineer may specialize in a particular area, such as web development, mobile app development, or software architecture.

## CONSULTANT

A consulting job involves providing professional advice and expertise to businesses and organizations to help them improve their performance. The consultant's primary responsibilities include analyzing data, conducting research, and presenting findings to clients. The consultant is also expected to design and implement strategies that align with the client's goals and provide ongoing support and guidance when necessary.

The role requires exceptional analytical and problem-solving skills, coupled with excellent communication and interpersonal skills. The consultant should have a comprehensive understanding of business processes and operations and should have experience working with diverse clients across various industries. Typically, a degree in business, management, or a related field is required, along with several years of experience in consulting or a related field. In recent years EY and Deloitte have been top recruiters in this sector from NIT Warangal.

## PRODUCT ANALYST

A product analyst is a professional who assists a company's product development team in analyzing and enhancing its products or services. They conduct market research, create product requirements, analyze product performance, manage product backlog, and collaborate with cross-functional teams. They research market trends, customer needs, and competitor products to help develop new or improve existing products.

They monitor product performance, measure customer satisfaction, identify areas for improvement, and communicate plans and updates to stakeholders. They prioritize product features based on business value and customer needs and participate in product development processes. They play a crucial role in ensuring product success in the Indian market.

## ABOUT THE DEPARTMENT

## B.Tech.

The department of Civil Engineering at National Institute of Technology, Warangal is one of the first departments that was established concurrently with the founding of the institute in 1959. It is one of the oldest and most prestigious departments of the institute providing the finest undergraduate, post graduate and doctoral programs in the field of civil engineering. The department includes the team of highly qualified and dedicated faculty members who share a common aim to provide high quality education and training to students in civil engineering, equipping them with the necessary skills and knowledge to excel in their career. The department has strong focus on research and innovation, and has been proven successful in creating highly skilled and competent civil engineers who have made significant contributions in their respective area of expertise.

# ELECTRICAL ENGINEERING

**B.Tech.**

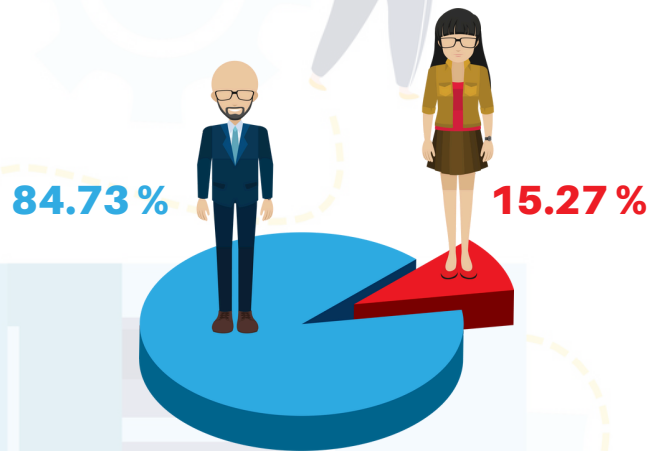

## ABOUT THE DEPARTMENT

The Department of Electrical Engineering is one of the oldest departments of the NIT Warangal. Established as one of the major departments of the Institute, since its inception in 1959, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers Under Graduate (B.Tech) and Post Graduate (M.Tech) in Power Electronics & Drives and Power Systems and research (Ph.D) programs. The department actively involves in various consultancy projects for private and government Industries including CPRI and DRDO. The success and the achievement of electrical engineering department can be gauged by the success and reputation enjoyed by its alumni. Students of Electrical Department enjoy placement offers from Core, IT, Business, Private and Public Sector Companies.

# MECHANICAL ENGINEERING

B.Tech.

## ABOUT THE DEPARTMENT

The Department of Mechanical Engineering was established in the year 1959. The department presently offers one Under Graduate Programme, i.e., B.Tech in Mechanical Engineering, seven M.Tech programs – one P.G Diploma in Additive Manufacturing and Ph.D. programs. The Department has good research facilities for both experimental as well as simulation-based research. The department has liaisons with reputed industries and R&D organizations such as NFTDC, DMRL, DRDL, ARCI, BHEL, CMTI, CPRI, etc. All the faculty of the department are actively engaged in R&D and Consultancy. The department produces a large number of publications and offers solutions to the industry regularly and is also active with regular outreach activities like workshops, conferences, and executive programs for industry personnel. The department has been recognized as QIP Centre for M.Tech and Ph. D. programs.

# ELECTRONICS AND COMMUNICATIONS ENGINEERING

## ABOUT THE DEPARTMENT

B.Tech.

The Department of Electronics and Communication Engineering has been one of the critical departments of the institute since its inception in the year 1971. With excellent laboratory facilities and dedicated faculty, the department of ECE offers a broad range of programs that include undergraduate (B.Tech) and post-graduate (M.Tech) in Electronics Instrumentation, VLSI System Design, Communication Systems, and research (Ph.D.) programs. The graduating students are well-placed in leading academic institutes, research organizations, and industries.

# CHEMICAL ENGINEERING

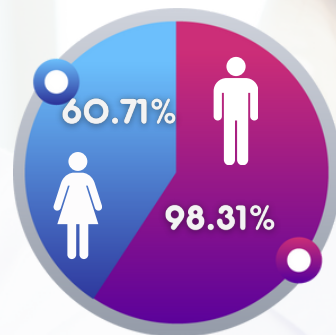

## ABOUT THE DEPARTMENT

**B.Tech.**

The department of Chemical Engineering offers B.Tech., M.Tech. and Ph.D programs. The department was started in the year 1964 and since then it has come a long way in educating budding chemical engineers and scholars. Students are admitted to these programs based on National level competitive examinations. Foreign national students are also given admission to these programs. The department has well qualified faculty dedicated to teaching and doing research in fundamental and advanced areas. The department houses various laboratories catering to the needs of the curriculum. The faculty are actively engaged in industrial consultancy and sponsored research projects. The department has inked MoUs with some of the leading industries. The graduating students are absorbed into reputed firms through campus placements. The department aims at inculcating lifelong learning skills in the students. The alumni of the department are shouldering high positions in multifarious organizations.

# COMPUTER SCIENCE ENGINEERING

## ABOUT THE DEPARTMENT

## B.Tech.

The Department of Computer Science & Engineering was established in the year 1991. The department offers high quality undergraduate, postgraduate and doctoral programs. The B. Tech (Computer Science and Engineering) program was started in the year 1983. M. Tech (Computer Science and Engineering) program was started in 1987. M. Tech (Information Security) was introduced in the year 2008 Under ISEAP sanctioned by Ministry of Communication and Information Technology (MCIT), DOE, GOI, New Delhi with intake of 20. Later, it was renamed as Computer Science and Information Security. The Master of Computer Applications (MCA) program was started in 1986. B.Tech, M.Tech (CSE) and M.Tech (CSIS) programs were accredited in 2014 by NBA as per Washington Accord. The department has distinguished and committed faculty members with PhD from reputed institutes.

## ABOUT THE DEPARTMENT

## MCA

Master of Computer Applications(MCA) program is offered by the Computer Science and Engineering Department at NIT Warangal. MCA is the most sought-for postgraduate course by graduates from BCA, BSc and other mathematical backgrounds. MCA is also deemed as a domain changing course because graduates from Non-IT engineering & science backgrounds can pursue MCA to transition career fields into IT. Students of MCA at NITW go through a same evaluation pattern as B.Tech. and M.Tech. CSE programs. It is a 3 year professional course focused towards developing relevant industry oriented skills that enhances ability to thrive in the corporate IT sector. MCA program has a detailed curriculum teaching core Computer Science and Research. MCA opens prospects in the IT market as well as lays strong foundation for a career in research.

# BIOTECHNOLOGY

## ABOUT THE DEPARTMENT

B.Tech.

The Department of Biotechnology at the National Institute of Technology, Warangal was started in 2007. The magnificent journey of 15 years has always been striving to apply the knowledge of Biological Sciences to create novel technologies, that would vanquish the persistent Environmental, Industrial, Agricultural, and Health problems of the society. The Department offers B. Tech., M. Tech. and Ph.D. programs. The pupils, aided by the brilliant faculties, have been extensively exploring several genres of Life Sciences. The well rounded programs give the students, an opportunity to escape the boundaries of mere classrooms, and engage in meaningful conversation with the scientific community, across the world, through our several in house FDPs, Conferences, held every semester.

# M.SC.CHEMISTRY

## ABOUT THE DEPARTMENT

The Department of Chemistry was established in the year 1959, as an integral part of the RECW. The department housed 18 highly reputed faculty members, 60 research scholars and 101 M.Sc. students. It offers chemistry courses to all engineering branches and two years M.Sc. Chemistry with specialization in Organic and Analytical Chemistry. It has been conducting cutting-edge research in contemporary topics of organic, Inorganic, Physical and Analytical Chemistry. In the department, various state-of-the-art facilities such as 400 MHz NMR, HRMS, gas chromatography, HPLC, FTIR, UV-vis-NIR, fluorescence, electrochemical workstation, computational chemistry software, etc. are available. So far, it has received several extramural research projects worth Rs ~11 crores, Recently receiving FIST grants of worth 1.67 crores. In addition, the department is actively involved in science popularization among school children via Inspire programme and society. So far, the department produced 130 PhD students and published over 950 research articles in various well-reputed international and national journals.

## ABOUT THE DEPARTMENT

The Department of Mathematics was established in 1959 and has always shared the institute's vision of striving for excellence in teaching and research activities. Over the years, the Department has evolved to provide excellent teaching and research in Applied Mathematical Sciences. The students are trained in computer programming languages like C, C++, Java, FORTRAN, and mathematical software like MATLAB, Mathematica, etc. The frontier areas of research. AICTE recognizes Department as the only QIP centre for PhD programmes among all NITS.

# M.SC. PHYSICS

## ABOUT THE DEPARTMENT

MSc

The department started a three year M.Sc. (Tech) programme in 1970 in Engineering Physics with five specializations namely Applied and Modern optics, Transistor circuit analysis and Design, Microwaves, Material sciences and Ionosphere science, with a clause, that at a given time only two specializations to be offered . Presently department offers a three year M.Sc. (Tech) programme in Engineering Physics with specializations Electronics, Photonics, and Instrumentation. It is proud to say that the M.Sc. (Tech) Engineering Physics-Industry Oriented Course is well received by the industry and R&D establishments. Department of Physics is well known for its research and development activities. Every year, the faculty of the department are awarded with different projects from various funding agencies like DST, BRNS, DAE etc.

# MBA

## ABOUT THE DEPARTMENT

The Master of Business Administration department, known as School of Management offers Masters, doctoral programs and research, training, consultancy and outreach activities on various specializations as Marketing, Finance, Human Resource, Operations and Information Technology. Started in the year 2000, it has produced quality-oriented post graduates that are successfully contributing in the business world. It is a 2-year course with dual specializations and detailed syllabus oriented towards management skills and theories. Students with B- Tech background go through National level management entrance as CAT and MAT exam to get in to this programme. The course offers Quarter system with 8- quarters that helps in continuous improvement and growing of extra academical sides through various club activities based on trending Business industries. High engagement of Faculties with the students have helped the students getting in reputed big firms.
