

Announcement to M.Tech. students admitting in 2020

Because of the prevailing COVID-19 pandemic situation, the first semester classes are going to start in online mode and hence the M.Tech. students admitting in 2020 are requested not to visit the institute physically till an official notification is announced from the institute.

However, the institute is working on the modalities of online physical reporting, registration on WSDC portal of the institute and commencement of the class work. The particulars will be announced on the institute website on 17th September 2020. The students are informed to visit the institute website regularly for instructions and updates.
