India

ABOUT NIT WARANGAL

National Institute of Technology, Warangal formerly known as Regional Engineering College was established in 1959. Pandit Jawaharlal Nehru laid the foundation stone for this institute on October 10, 1959, the first in the chain of 30 NITs in the country. The Institute is well known for its dedicated faculty, staff and the state-of-the art infrastructure conducive to a healthy academic environment. The Institute currently has 13 academic departments and a few advanced research centres in various disciplines of engineering, pure sciences and management. The Institute offers eight undergraduate programmes (B.Tech.) in engineering, 29 post graduate programmes (MBA, M.Tech., M.Sc. and MCA) in management, engineering, sciences and research programmes in management, engineering, sciences, humanities and physical education. The institute is well-known for its Research and Development, Industrial consultancy, Continuing education and Training programmes for teachers and industrial personnel.

ABOUT SCHOOL OF MANAGEMENT

In the contemporary world of rapidly changing global business, which is technology intensive and consumer oriented, the acumen needed for managers is being revolutionized. Recognizing this, the institute has designed a comprehensive MBA programme exclusively for engineering graduates. Thus came to light the “School of Management (SOM)” at NIT Warangal. The MBA program offered by the School of Management is a two year course that runs into eight quarters. The program has extensive electives in the specialised areas of Marketing Management, Human Resource Management, Financial Management, Operations Management, Information Technology and allied areas of management. The School of Management provides a well-balanced combination of academic and practical business oriented content.

ABOUT THE WORKSHOP

Preamble: Teaching and research go hand in hand and quality of research that a teacher undertakes will improve the quality of teaching. Research emerged as one of the most important aspects in the academic pursuits of higher learning over the world, and it provides the solutions to ever changing human problems. Quality research is possible only when the teachers undergo systematic training in this area. The proposed programme will improve the knowledge and skills of the participants to carry out quality research, enhance their ability to apply right tools and techniques in conducting research and write research papers.

OBJECTIVES

The key objectives of the workshop are:

- To enable the participants comprehend the quantitative and qualitative research methods in social science research
- To enhance the skills of formulation of research questions and hypotheses, review of literature, preparing an appropriate research design, collection of data and analysis
- To enhance the analytical skills for research and apply right tools and techniques while conducting research
- To develop the capacity of the participants to write research papers/books/proposals for grants, et.
