## Department of Biotechnology

The Department of Biotechnology offers B.Tech in Biotechnology, M.Tech in Biotechnology and Ph.D in Biotechnology. The Department has experienced faculty and well-established laboratories.

## About the Institute and Warangal

National Institute of Technology (formerly Regional Engineering College, REC), Warangal is the first among 17 RECs setup as joint venture of the Government of India and the State Government. Over the years the college has established itself as a premier Institution imparting technical education of a very high standard leading to the B.Tech degrees in various branches of engineering, M.Tech and Ph.D programmes in various specializations. With a view to give further impetus to the technological

education, the Government of India upgraded the RECs into NITs, and conferred the Deemed to be University status. By the Act of Parliament, the Institute has been declared as the Institute of National Importance.

## Aim of the Program

The aim of the conference is to provide a common platform for interaction among researchers and experts in the fields of Biological, Biomedical, Bioenergy and Environmental Biotechnology. It will provide an opportunity for the exchange of ideas in these fields and share the advanced knowledge from both academic and industry, communicating with each other about their experiences, taking forward the issues and further prospects in these fields.

## Important Dates
