NOTICE

Attention: B.Tech students

Sub:- New courses on IITBombayX and reimbursement of the registration fee from TEQIP funds

IIT Bombay has announced courses on IITBombayX (<https://iitbombayx.in/>) MOOCs platform. The courses are broadly classified into three categories - Skill Development Courses, Computer Science Courses and Engineering Courses. The details of courses offered under each category are mentioned in the attachments with this notice. All the courses are offered in a self-paced mode and learners can learn anywhere, anytime and at their own pace during the course period. The following is the fee structure category-wise (per student per course):

- Skill development courses: Rs. 325/-
- Computer Science courses: Rs. 375/-
- Signals and Systems courses (Engineering Courses): Rs 375/-
- Thermodynamics course (Engineering Courses): Rs. 475/-

Interested B.Tech students are informed to pay the registration fee as indicated in the attachments to the account (Account name: TEQIP III FUNDS, A/c no: 37583198741, IFSC code: SBIN0020149, Branch: SBI NIT Warangal) and fill-in the google form for registration at the link provided below.:

<https://forms.gle/Htz4nLtCLq2bCu4u7>

The registration fee will be reimbursed only after the submission of course completion certificate. The course is open to 250 General students and 250 SC / ST students on first-cum-first serve basis. The students can register at the link provided below on or before 15.9.2020. Priority will be given to accommodate as many students as possible for a single course. If any student has registered for more than one course, any related payment will be refunded.

(A. Venu Vinod)
Coordinator, TEQIP

IITBombayX Certificate

Pick the course of your choice and learn in a self-paced mode.
Self-paced allows you to learn at your own pace within 4 months,
a month or even in a few weeks!

Early bird registration ₹ 375/- valid till ~~31st July~~ 15th August,
thereafter ₹ 475/- per course

SELF-PACED MODE
July 15 - Nov 15, 2020

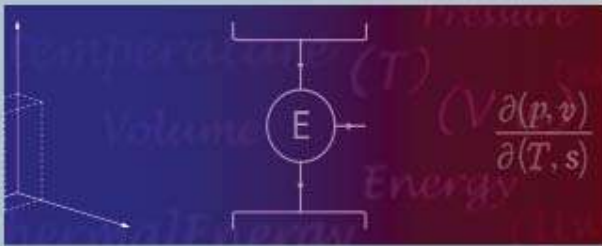

Registration open till October 16, 2020

Language no barrier (Learn the course content in English & Hindi at ease with the award winning faculty from IIT Bombay)

Engineering Core Courses on IITBombayX

Thermodynamics

(12 weeks)

Learn the basic concepts and applications of thermodynamics in mechanical engineering with the three laws of Thermodynamics (zeroth, first and second) & properties of material in detail.

Signals and Systems

Part 1 and Part 2 (8 weeks)

Learn the basics of any signal processing application - the abstraction of signals and systems, from the point of view of analysis and characterization.
